

PD200 HOSTED

Dispatch Console

- Private Call
- Call Recording
- Group Call
- GPS Positional Tracking Playback
- All Call
- Record Storage
- Message
- Report Statistics
- Location
- Geofence

Highlights

- Easy to Deploy**
 The Customer Dispatch Client Console is accessed via R.D.P so no software to install - makes deployment easy
- Fully Managed Solution**
 Fully managed cloud server enabling fuss free deployment and customisation.
- Managed Costs**
 Client Subscription service enables deployment without investment in a full server/client dispatch solution.
- Rich Functions**
 Supports all basic functions, such as private call, group call, location, text message, record, etc. Plus additional advanced functions, such as geofence, and report statistics.
